Installing Simple FM Tools

System Requirements

Operating System

• Windows 7 or XP

AutoCAD

- AutoCAD 2011 2014
- AutoCAD Architecture 2011 2014

Installation Instructions

1. Unzip the file folder and double click the setup file.

2. When prompted, select the version of AutoCAD where the tool palette will be installed.

Relect an AutoCAD Version to install with.	23
AutoCAD 2012-English AutoCAD Architecture 2012	
OK	

3. Open the version of AutoCAD where the tool palette was installed. You will be prompted with an option to purchase Simple FM Tools or to continue in Tag Only Mode.

- **Tag Only Mode**. This option enables the fmTAG functions only, excluding the post-tag audit feature and the Tag Report. fmLABEL and fmAUDIT functions are disabled.
- **Purchase or authorize Simple FM Tools.** This option will retrieve a code ID from computer and ask you if you would like to phone or email the code to Simple Solutions FM for licensing. When Simple Solutions FM receives your computer code ID a software key will be generated and either phoned or emailed back to you.
- I have a Software Key. This option is used to activate your license. Enter the software Key that you received from Simple Solutions FM.
- 4. Choose a method to purchase your license key from Simple Solutions FM (either Phone or Email).
