

AutoCAD Drawing Prep for CAFM

Improve Your ROI: Start With Your Drawings

Simple Solutions FM offers a variety of AutoCAD services for facilities management. If you don't have the man power or time to get what you need done, we can do it for you. Let us help you organize, distribute and analyze your data.

Services Include

FIELD AUDIT / VERIFICATION

Using the latest technology Simple Solutions FM will provide an onsite physical survey of your facilities to ensure that your as-built drawings are up-to-date and accurately reflect your physical space.

PAPER DRAWING CONVERSION TO AUTOCAD

Conversion of paper drawings to 100% AutoCAD DWG files per your CAD specifications. Completely layered, dimensionally accurate.

ESTABLISHING DRAWING STANDARDS

Standardized drawings create an easier environment to work within. The services below will ensure that you are working easily & efficiently.

- Creation of consistent drawing naming conventions
- Creation of drawing templates and standards file
- Creation of drawing standards such as:

- X-refs
- Dimension Styles
- Units
- Layer Conventions
- Line Types
- Text Styles

CLEAN EXISTING DRAWINGS TO MEET NEW STANDARDS

Clean drawings are faster, more reliable drawings. Once drawing standards have been created it is necessary to clean existing drawings to ensure compliance with the new standards. We will:

- Remove unnecessary data from drawings
- Separate drawings with x-refs if required
- Create new drawing base with Wblock
- Translate current layers to new layer standards
- Purge drawings of unused accumulated data

POLYLINE FOR CAFM IMPLEMENTATION

Once drawing standards are established and drawings cleaned, drawings are easily prepared for a CAFM environment. As part of the implementation process we will:

- Polyline rooms/spaces to IFMA or BOMA standards
- Number rooms and spaces on AutoCAD drawings
- Add equipment blocks to AutoCAD drawings

CREATE CONSISTENT PLOTTING LAYOUTS

- For different paper sizes
- For different output format - jpeg, dwf

FREE DWF DESIGN TOOLS

Need NON-CAD personnel within your company to be able to read, markup and distribute CAD files without requiring the use of CAD?

FREE AUTODESK TOOLS

Non AutoCAD users can:

- Read AutoCAD drawings without AutoCAD
- Distribute AutoCAD drawings without AutoCAD
- Markup AutoCAD dwf files using dwf composer
- Create easily transportable dwf files

Contact us for more information about where to get the Autodesk FREE dwf tools and how to use them.
